Since I have been in Washington, I have recognized the need for a revitalization and rejuvenation of the Republican Party. Republicans have a proud tradition of upholding Ronald Reagan's principles of liberty and a vision for the 21st Century. That vision is a America that espouses individual freedom, free enterprise, and common-sense values. Americans are crying out for leadership with courage, principle, and integrity.

This is why I've helped create a new conservative group, called Reagan21, which unites Republican leaders from both chambers of Congress. Reagan21 presents a positive alternative to the current majority in Congress. Members of this caucus are committed to several core values:

- **Integrity-** Rebuild American trust and confidence in government
- **Tax Reform-** Increase personal saving and liberty
- **Budget and Spending** - Protect the family budget and maintaining a sound federal spending policy
- **Entitlement Reform-** Personal ownership of retirement security and healthcare decisions
- **Ethics-** Ending all earmarks
- **Healthcare-** Coverage for all under their own personal ownership
- **Education** - End federal intrusion into local education.
- **Immigration-** Enforce the rule of law and border security first.
- **Energy-** Make America energy independent
- **National Security-** Engage extremists by expanding human intelligence & covert capability.

Members of Reagan21 are committed to these policy objectives. We endeavor to advance a new and invigorated Republican Party as best able to guide America's future in a positive direction.

Expect to hear more from Reagan21 members in the future. For more information go to www.Reagan21.org
